

**Policy: Prior to Year – End Surplus Funds Distribution**

If there appears to be a year end surplus of funds after the close of the books in May, a recommendation to the Board of Directors for their June meeting may be made as follows:

In the event that during the budget year UUCGT's fair share dues to UUA and/or our local District have not been able to be paid, a portion of the anticipated year end surplus funds may be made to this end. Funds are to paid to UUA and/or local District in June.
