## Work Experience

### Communications/Social Media

NREC: Neahtawanta Research & Education Center

Mar 2018 - Dec 2018

The work I do for NREC includes: Director assistance, professional communications/emailing, cold-calling, collaborations, calendar organizations, social media, marketing, project development/coordination.

I am the liaison for Beloved Community Network - in stride with the words of Martin Luther King Junior, we work towards environmental sustainability and community resilience, upholding nonviolence and respect for all life.

### Suttons Bay Market "Master"

Leelanau Farmers Market Association

May 2018 - Nov 2018

Managing the Suttons Bay farmers markets - 24 Saturdays. Communications/collaborations/problem solving. Connecting with LFMA coordinator to problem solve and enrich the overall market experience.

### Leland Afterschool Kid's Club

Leelanau Kid's Club

Sep 2018 - Present

I manage the Leland group of about a dozen children (ages five to twelve) four days a week, three hours a day. We play outside, come in for snack, and continue to play/learn indoors (or back outside) until their parents pick them up. I find great joy in this part time service to our community.

### Sous Chef

Blu

Nov 2015 - Apr 2018

Managing and training a revolving team of 4+ in a bijou

European-cuisine inspired fine-dining kitchen. Duties included prep of made-from-scratch foods, protein searing and roasting, soup production, sauce creation, plating, and rotating inventory.

**Lunch/Recess/Toddler Aide**

Suttons Bay Elementary School

Oct 2018 - Present

I supervise K-4 when they are on the playground, and the 3 & 4 graders when they are in the cafeteria. After lunch and recess, I help out in the toddler classroom for an hour.

**Lead Parent for Leelanau County**

5 to ONE Neighborhood Network

Mar 2018 - Present

Through this great program, I am able to take professional development classes geared towards early childhood education, and with this new found knowledge, I communicate what I've learned with the parents at the "community networks"/playgroups.

Currently there is no Suttons Bay 5toONE program, and I am working on developing a educational playgroup that I would lead.

---

**Education**

**Grand Valley State University**

Photography/general studies

Aug 2011 - May 2013

Two years of university studies
