

September 11, 2019

Hi Board Members,

Our Director of Religious Education, Betsy Hammerberg, has requested that we add up to six hours per week to her contract so that she can teach the K-6 class this Fall. As you are aware, we have lost one of our teachers, and for now, Betsy would like to fill that gap by teaching the class herself. This change will fit within our 2019-2020 budget for Religious Education since we will not be paying the teacher we lost. The Staff Resources Committee unanimously approved this change this week.

The Staff Resources Committee recommends that the Board also approve this change. I have included copies of Betsy's revised contract and also a revision to her job description to include the option of teaching. I am putting this approval on the consent calendar, but you may pull it if you wish to discuss it further.

Mike McDonald
