Subject: Committee Chairs must be members?

Hi Board Members,

We wrestled with one of our policies in our last meeting. Judy is correct in reminding us that we should not override our policies. If an exception is warranted, we should consider a policy change.

So, how about this. Let's consider changing our policy under Standing Committees the section on "Characteristics" on page 64, second paragraph as follows:

Membership of a Standing Committee is composed of volunteers, either members or friends. The Chair is normally a member of the Congregation. A friend may Chair a Standing Committee with approval of the Board. Permanent Board Committees and the Leadership Development Committee must be Chaired by a member.

Thought this might be a starting point for a discussion.

Mike
