

Hire second new teacher

Our Religious Education Director, Betsy Hammerberg, has approached the Staff Resources Committee to request permission to hire a second new teacher. Betsy would prefer not to teach herself and limit her duties to being RE Director. The SRC has approved Betsy's request.

Hourly compensation and hours, for the second new teacher, would be consistent with our existing teaching staff. Hiring a second new teacher would give us a total of three employed teachers. Those would be Katie Tomczyk and the two new hires. Our approved 2019-2020 budget planned on three teachers and a RE Director, so hiring a second new teacher would just be filling an already budgeted position.

The Board agreed in our October 16 meeting that our RE Director has authority to hire teachers to fill budgeted positions. This is for information only.
